
EMMA · CONFIGURATIONS

ABOUT EMMA

Emma represents a new design concept that allows the confluence of functionality, design and materials in a set of distinctive, organic and unique side tables. An environmental tool that complements spaces in an elegant and neat way.

A link between surface and column, the bowl is configurable in materiality, size, diameter and shape; you can choose between the vibrant character of the folded metal, the strength of the bent wood or the transparent details of the metal rod.

SOBRE EMMA

Emma representa un nuevo concepto de diseño que permite la confluencia de funcionalidad, diseño y materialidades en un conjunto de mesitas auxiliares distintivas, orgánicas y singulares. Una herramienta ambiental que complementa espacios de una forma elegante y cuidada.

Nexo de unión entre superficie y columna, el cuenco es configurable en materialidad, tamaño, diámetro y forma; pudiendo elegir entre el carácter vibrante del metal plegado, la fuerza de la madera curvada o los detalles de transparencia del metal en varilla.
